**EDEKT S.A. supports the Principles of
Responsible Investment
under the guidance of Global Sustain**

EDEKT S.A., recognizing the importance of responsible investment decisions based on ESG criteria, joined the "Principles for Responsible Investment" (PRI) initiative as "Investment Manager Signatory", with the guidance and support of the specialized consulting firm Global Sustain. PRI is the most recognized and accredited initiative for the promotion of responsible investments and the integration of ESG criteria into investment decisions in a global level, created with the support of the United Nations. Today, PRI lists more than 3,500 companies and organizations with over USD 100 trillion AuM.

As a UN-supported PRI signatory, EDEKT S.A. adopts the following principles of responsible investment:

- Incorporation of ESG issues into investment analysis and decision-making processes.
- Active ownership and incorporation of ESG issues into our ownership policies and practices.
- Seeking of appropriate disclosure on ESG issues by the entities in which the company invests.
- Promotion of acceptance and implementation of the Principles within the investment industry.
- Collaboration for enhancing our effectiveness in the implementation of the principles.
- Submission of a Transparency Report on our activities and towards implementing the principles.

Artemis Panagiotopoulou, CEO of EDEKT S.A. stated: "The incorporation of ESG Criteria in our investment philosophy and process ensures EDEKT's commitment to effectively fact global challenges and to help support sustainability and environmental responsibility."

Mr. Michael Spanos, Managing Director of Global Sustain Group quoted: "Our mission is to highlight the materiality of ESG criteria in the investment decision making process."

***The United Nations-supported Principles for Responsible Investment (PRI) Initiative** is an international network of investors working together to put the six principles for responsible investment into practice. Its goal is to understand the implications of Environmental, Social and Governance issues (ESG) for investors and support signatories to incorporate these issues into their investment decision-making and ownership practices. In implementing the principles, signatories contribute to the development of a more sustainable global financial system. www.unpri.org*
